

Self-Adhesive Backing - Material Safety Data Sheet

This material safety data sheet is provided as a courtesy to all customers. It should be noted that if the products stated are not used in accordance with technical data sheet or are used in an unordinary manor, the performance of the product may be affected and could present a potential health and safety hazard.

Product – SAB - Double sided tissue tape with solvent acrylic adhesive

Physical Data

Boiling Point – N/A

Vapor Pressure – N/A

Solubility in water – The adhesive is not soluble in water

Viscosity – N/A

Chemical Description – Contains no dangerous ingredients or impurities

Appearance and Odour

Roll of tape in various widths and lengths, white in colour, low odour.

Fire and Explosion Hazard Data

Carbon Dioxide, Dry Chemical

Note: Water should not be used

Special Fire Fighting Procedures

Self contained respiratory equipment should be worn

Environmental Information

Recommended disposal: Dispose of waste product in a sanitary landfill. Reclaim if feasible.

Volatile organic compounds: N/A

Suggested First Aid

Eye Contact: No need for first aid is anticipated

Skin contact: No need for first aid is anticipated

Inhalation: the slight odour from the adhesive is not considered to be dangerous or an irritant- seek fresh air if necessary

Precautionary Information

Eye Protection: N/A

Skin Protection: N/A

Recommended Ventilation: Provide appropriate local exhaust when product is heated

Respiratory Protection: Avoid breathing of thermal decomposition products

Prevention of accidental ingestion: Not determined

Recommended storage: Store in a dry environment away from moisture.

Health Hazard Data

Eye Contact: Eye contact is not expected to occur during normal use of this product

Skin Contact: No adverse health effects are expected from skin contact.

If Swallowed: Ingestion is not a likely route of exposure to this product.

Other health hazard information

This product when used under reasonable conditions should not present a health and safety hazard

The information given on this MSDS data sheet is believed to be correct at date of issue.

The information is given out in good faith and it is up to the end user to determine if the product is suitable for the intended application.
